Distance Learning Program  
For Class VIII Students

Make Your Child an Early Winner

Be Ahead with Sustained Excellence

## What is NTSE? How does it benefit students?

NTSE (National Talent Search Examination) is conducted for students studying in Class VIII by the Government to identify talented students. NTSE scholars win recognition as the most promising students of their age-group. Students who are awarded these scholarships receive financial assistance up to the Ph.D. level for studies in social sciences, basic sciences and commerce. Those pursuing professional courses such as engineering, medicine, management and law are eligible to receive financial assistance up to the master's degree level.

The examination is conducted in 2 levels i.e., State and National. Both these examinations consist of Scholastic Aptitude Test (SAT) and Mental Abilities Test (MAT). SAT covers the subjects Physics, Chemistry, Mathematics, Biology, History, Civics and Geography.

More information on NTSE is available at [www.ncert.nic.in](http://www.ncert.nic.in)

## What is NMMS? How does it benefit the winners?

NMMS examination also aims to identify bright students from families whose annual income is less than Rs.1,50,000/-. A student who qualifies through the National Merit cum Means Examination will qualify for a scholarship from class IX to class XII.

More information on NMMS is available [www.dsart.kar.nic.in](http://www.dsart.kar.nic.in)

## How Does the Preparation Help in Future?

The NTSE is the very first All India competitive exam a student will face in life. 'NTSE Winner' will help reinforce their subject-specific knowledge and enhance their performance and analytical skills. This will help excel in similar examinations like Science Olympiad, IIT-JEE, AIPMT, AIEEE, SAT, CET etc later on.

## NTSE Winner: From BASE

BASE can help your child excel in NTSE and NMMS, both to be held in November 2009. Students (State, CBSE & ICSE) can enrol for this training.

## Components of Distance Learning Program

### Printed Courseware

The printed courseware has been designed to cover the related topics with excellent synopses followed by adequate worked examples and practice exercises. These are provided in 8 modules (2 modules per group) in the following subjects/ combinations:

- Physics, Chemistry and Biology
- Mathematics
- History, Civics and Geography
- Mental Abilities

Printed courseware is sent module-wise, as per a set schedule, through courier to the address provided to us at the time of admission.

### Electronic Courseware

Online solutions for all the exercises given in the modules, audio-visual solutions are provided through our website. The student can refer to these to understand the approach in solving questions. A unique user-id and password will be provided for the purpose.

## How is the Assessment Done?

4 test papers on the lines of the NTSE 2009 shall be conducted. The coverage of the tests will be:

- First test - portions of module 1 (Aug 2009)
- Second test - portions of module 2 (Oct 2009)
- 2 Practice tests - full portions on NTSE pattern (Oct / Nov 09)

## Training Support

To clarify any doubts, you can e-mail your queries to [dlp@base-edu.in](mailto:dlp@base-edu.in). They will be answered by our experts and the solutions mailed back to you.

## Course Fees

The fee for the program is Rs.1750/- + S Tax = Rs. 1,966/-

Fee is to be paid in full through local cheque / DD only, drawn in favour of BASE Educational Services Pvt. Ltd., payable at Bangalore.
