About BASE : Established in 1991, BASE is an integrated educational services organization that offers student training, teacher training and consultancy services to educational institutions. As the leader in student training, BASE prepares students to take on highly competitive examinations conducted by various institutions in the country. Till date, more students have succeeded in various competitive exams like JEE, Medical Entrance and CET, from BASE than from all other training organizations in Karnataka.

2nd PU COMMERCE- REGULAR

- **BASE** is introducing training program for the 2nd PU commerce students at its Basavanagudi Center.

- **Subjects :** The following subjects are taught :

- **Courseware:** A specially designed courseware which meets the requirements of CA foundation will be provided.

- **Worksheets:** Specially designed worksheets to enable students for better practice will be given.

- **Tests:** Periodic tests/mock examinations will be conducted as per schedule. These tests are designed to measure the understanding /application skills of the student. Each one of these tests will be followed by feedback.

- **Mentoring/Counselling:** It is an integral part in BASE. Parents and students will be called on a regular basis to meet the mentor, who will educate students in planning and help students in building confidence and right work culture to achieve their goal.

Why BASE?

As the leader, BASE gives you a perfect start because of:

- **Consistent Performance:** BASE has been showing very consistent performance by enabling more students to get into reputed institutions in the country year after year, than all the other competing institutions in Karnataka.
- **BASE Methodology:** BASE training focuses on good concept teaching, logic of problem solving and attempting MCQs. This is the key takeaway from a BASE course. It stays for life.
- **Positive Academic Environment:** Outstanding peer group, inspiring teachers and support infrastructure create a positive learning environment.
- **Course Content:** BASE faculty creates content that enables understanding, conceptualization and application.
- **Assessment:** Rigorous assessment practices ensure our students are better prepared for the challenges ahead.
- **Additional Learning Support:** Beyond classroom teaching, we provide a window to the following - Effective study techniques, Problem solving methods, Soft skills, Time & stress management skills.
